ABOUT US

Quality you can taste, Freshness you can trust

Who We Are

Founded in 1990, Foods USA has built a 36-year legacy as one of America's most trusted and experienced food distributors. Headquartered at the Port of Palm Beach, Florida, we serve domestic clients across the United States as well as importers, distributors, and foodservice operators throughout the Caribbean, South America, and markets worldwide.

What Sets Us Apart

Unlike traditional distributors, Foods USA is fully vertically integrated — meaning we own and operate every step of the supply chain. From our cold storage facility and in-house meat processing plant to our own fleet of trucks, we eliminate the middleman. The result: superior product quality, faster delivery times, and consistently competitive pricing.

Our Products

We supply a comprehensive range of premium proteins: Beef, Pork, Lamb & Goat, Chicken, Turkey, Seafood, and French Fries. Whether you need antibiotic-free natural chicken, Wagyu beef, direct-imported lamb from New Zealand and England, or a full seafood assortment — we have it, and we deliver it on time.

Our Commitment

For over three decades, our commitment has remained unchanged: provide the highest quality products, maintain the most reliable logistics, and build long-term partnerships with every client we serve. Foods USA is not just a supplier — we are your competitive advantage.

- ✔ Own cold storage at Port of Palm Beach
- ✔ In-house meat processing facility
- ✔ Company-owned fleet for pickup & delivery
- ✔ Direct importer — no middleman costs
